TURN YOU

CH 4

What a wonderful day for a picnic in the cemetery!
[You're not scary. It IS night time.]
Looks like the meat was taken out a little too early...
Well, can't let it go to waste!
Hey, little girl...
Yeah, hey.
Give us your food.
Or we'll eat you.

Hold on a sec, boys, I don't think there's enough food for all of us here.
Can't we share?
Do I look like the kind of wolf that can afford to spare some meat?
Change of plans, we're gonna eat the food AND you.
Ella, wear me!
Right!
SNAP

In what world is this even remotely possible?!
OR FAIR?
FLARE
I don't think I like my meat cold. I need something a little more fresh!
No wait, what the hell ya doin', hold on a second!
We ain't in the right story!
Werewolves ain't supposed to do that!

Ella, I've got something to tell you.
I'm pregnant. And because you fused with me...
Now you're pregnant. You're going to have my wolf kids.
What?
What the actual fuck?
Next time

Damn comic books messing up my dreams.
Even with Zeich's weird cooling abilities, it's still hot as hell!
Zeich, are you *sweating?*
Er... I'm producing more lubricant as to prevent my body from drying out.
It's causing smudges on my work.
Then again, I guess it's not unlike my own hands getting too sweaty. I could wear gloves like I normally do.
Latex on latex because my latex won't stop sweating. Seems a bit rendundant.

AFTER A DAY OF UNGODLY HEAT

This was a really nice idea.

Who knows what I'd do if I were stuck doing nothing all day.

Thanks for giving me your old stuff.

Still can't believe this is like your first telly ever.

It stopped being so fun to watch when the anxiety of not working caught up with me.

Well, now both of you can watch the latest stuff.

Soooo... Convention when?

There's no way I'm going to a freaking furry convention!

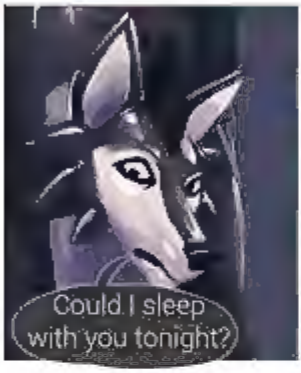
It's not a furry convention! First and foremost it's a latex convention that just happens to have latex anthro suits in it!

Besides, I went with you to that weird sculpture convention!

ERROR

Yeah, you're right.
I'll buy tickets for the both of us. That sound good?
Really? HELL YEAH!

LATE
G'night.
Ella...



Could I sleep with you tonight?

Eh?
It gets kind of lonely at night and I'm used to...
Ah... It gets a bit cold.

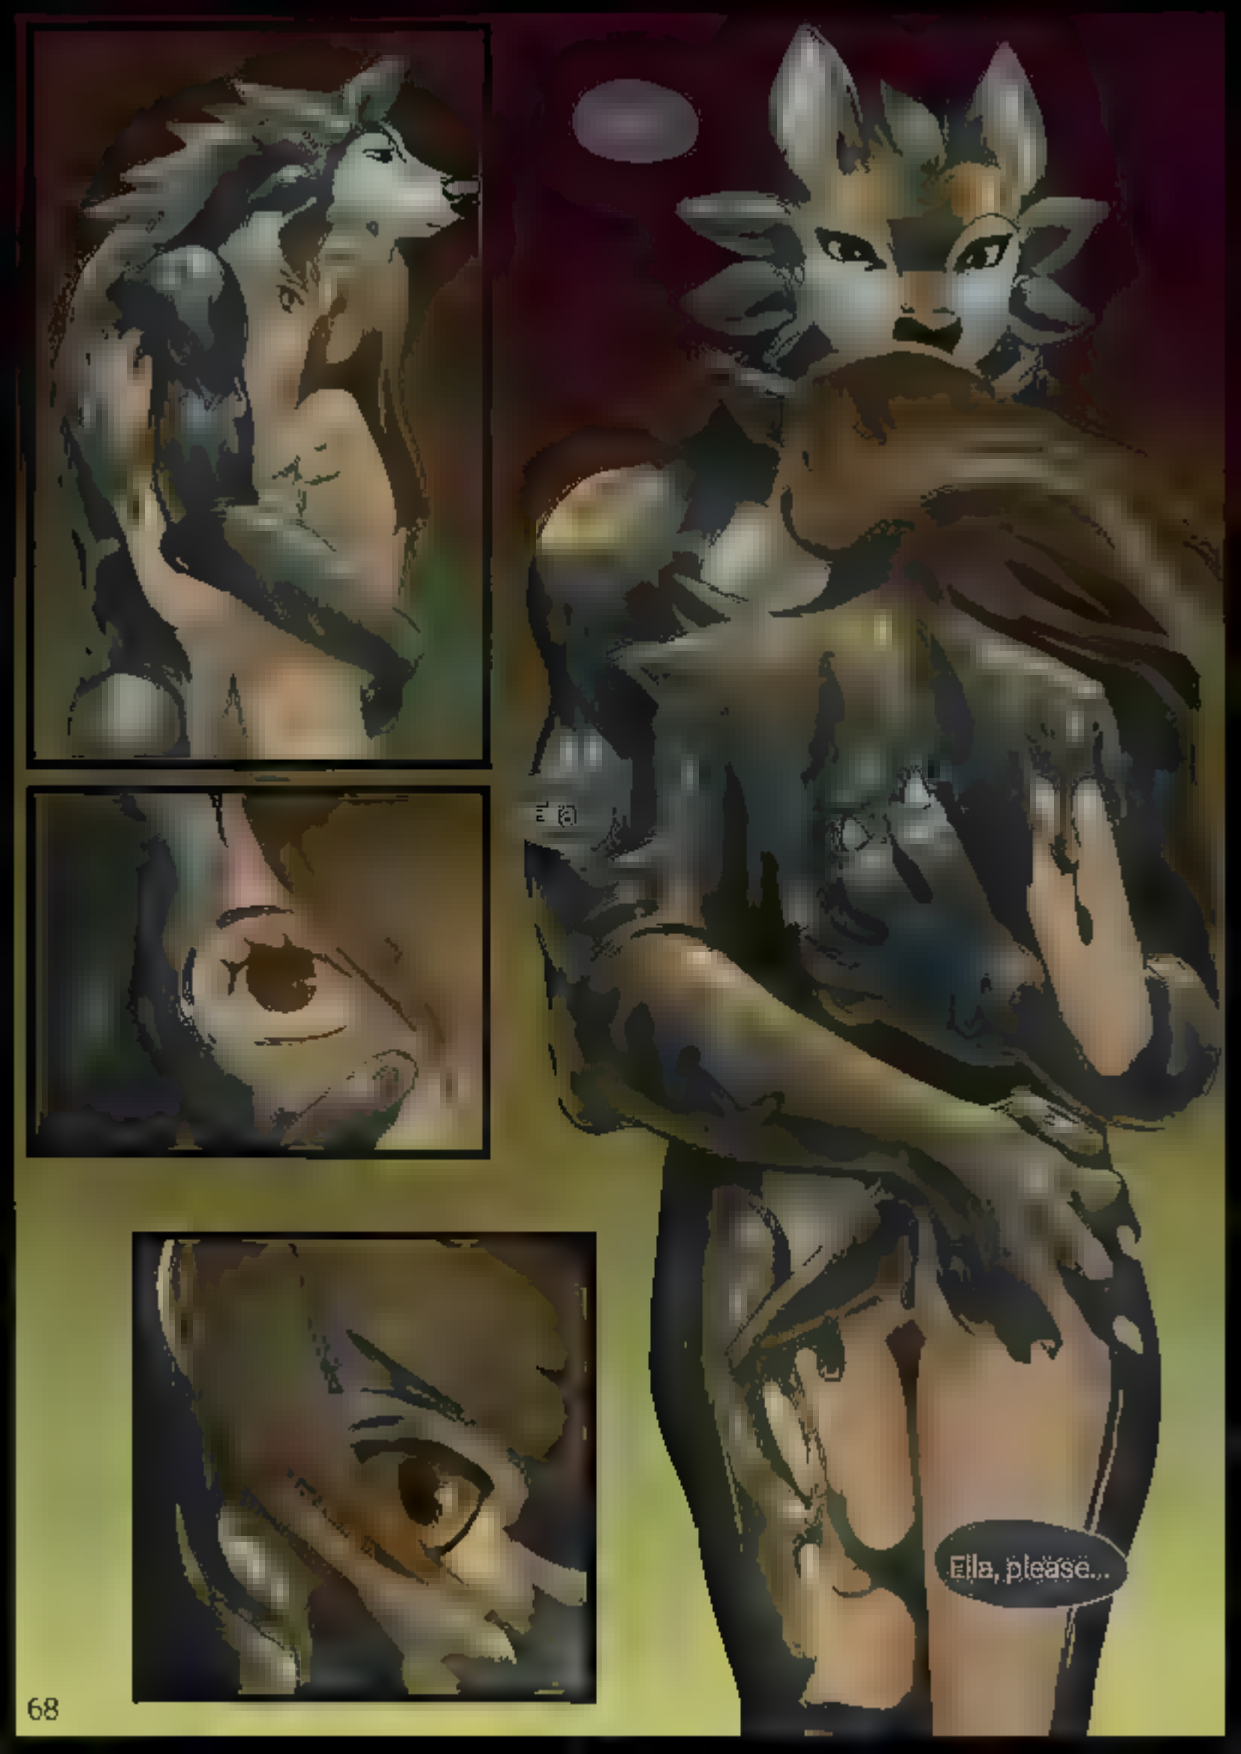
L-like, laying on the bed?
Yes, thank you.

Why does this feel so embarrassing?
I don't know how to react to this.

Body, stop shaking.
It's like stepping into a room full of static. Every hair on your body rising.
But Zeich was already worn today. Maybe it's an aura about him?
I don't know. What a weird feeling, though.
How many nights am I going to go through with trouble sleeping?

Zeichn?

What s th s?
How are we go ng to work out?
Ellie



Ella, please...

Ellaaaaa! Wake uuuuup!
Oh snap, Zerch, sorry sorry I move around a lot in my sleep!
That's not your items, the metal sticks. They tore into me when you half kicked me off the bed.
My rulers? I was too lazy to put them back into place yesterday.
W where did you get cut?
My leg. Normally I can handle a cut or two...
But the gash you created from moving me around, it's too big for me alone.
What do I do? I don't know how to sew!
Uhm... blood would speed up the process as well as, ah... what did I do...
Oh, and lay a piece of rubber over the wound seams and allow my body to integrate it an
A piece of rubber..? I don't have.
What about latex gloves? I could cut them into strips!
That could work. Though, judging on the thinness of your gloves, the area will be tender longer.
I have to do, yeah?
Ow ow ow, please carefully!
Won't it be a different colour though?
My body will assimilate it into my own colours.
So, now you sit for a few hours? Days?
Hours, I assume.

I'll put you on after those strips have set
Let them work
LATER
Please, not on the chest three times in a row
What the- not the wrists
People are going to think I'm- suicidal or something
Sorry
How about on-
Hey Zetch, mind if I make something to eat? I haven't eaten all day
You musn't take care of just me, but yourself as well.
Feels like I haven't cooked in weeks
Stove is very hot but I promise won't melt you
wish I had some real food

Hah, how many times would a wolf get to eat some mac 'n cheese?

This tastes absolutely foul, this 'mac n' cheese'.

It tastes fine to me. Wait, how can you tell?

Some of the 'food' touched the inside of my mouth.

I feel kind of lightheaded

If you can even call that food.

Huh?

Ella?

Can't keep my head

Ella?

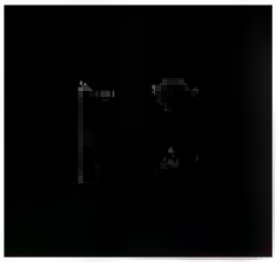
Ella, what are you doing?

...

I can't move her. I don't have enough strength to put into it yet.

I wish I were more powerful for her.

This is the most disgusting thing I've ever had to brew in.



Yo Ela

What happened to yo

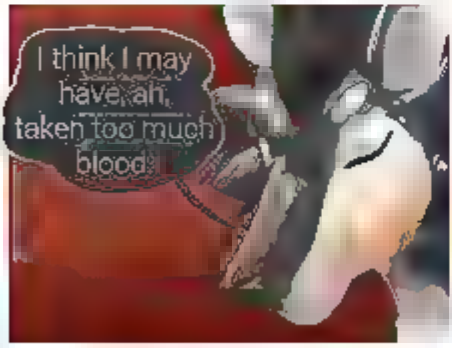
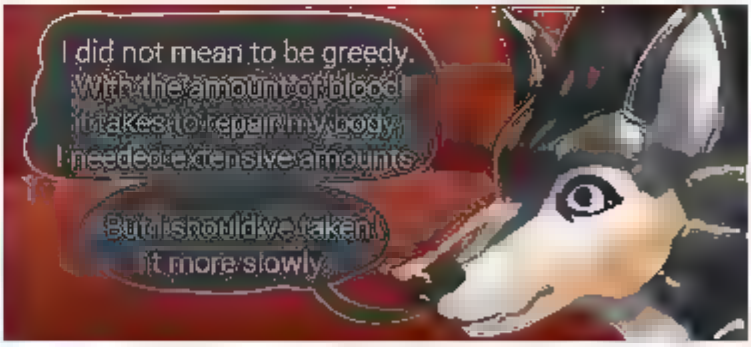
Zeich, d you know what happened?

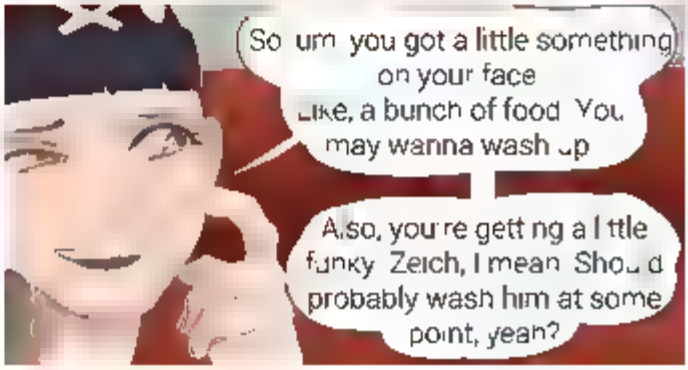


I think I may have, ah, taken too much blood



I did not mean to be greedy. With the amount of blood it takes to repair my body I needed extensive amounts
But I should've taken it more slowly

You okay now Ela?
Yeah, I think so



So um you got a little something on your face Like, a bunch of food You may wanna wash up
Also, you re gett ng a l ttle funky Zeich, I mean Shou d probably wash him at some point, yeah?

Just to clean?

This is most irritating!

Is it necessary to cover me with bubbles this completely?

There no more suds.

Still

How long am I supposed to let him soak for in this?

The towel isn't absorbing all the water. Mind if I hang you up?

CLEANED!

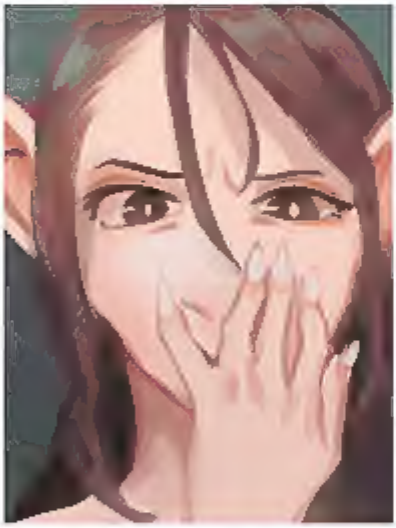
Good

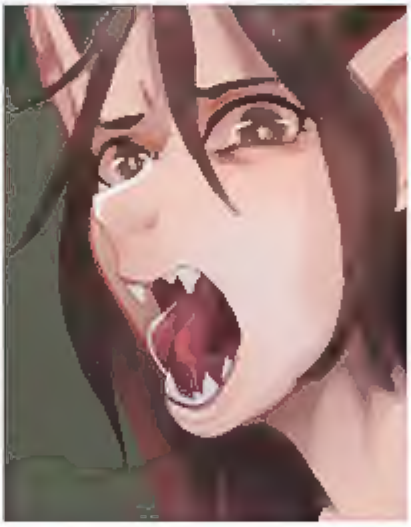
I've got a map of the convention building and a guide to what's going to happen there

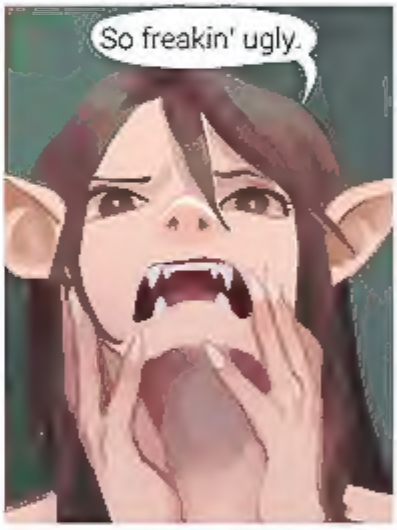
So we can plan an effective schedule to get the most out of one-day tickets

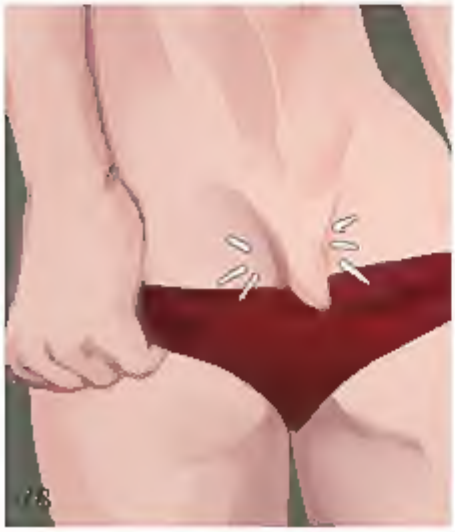
Let's do this

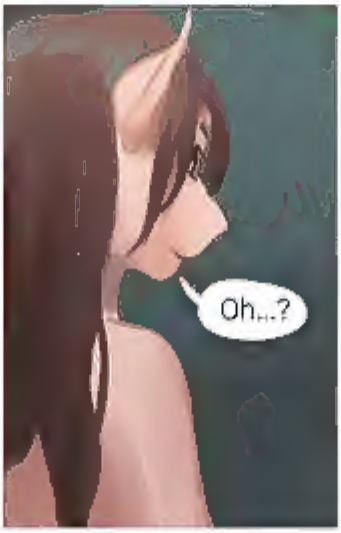
BEFORE BED

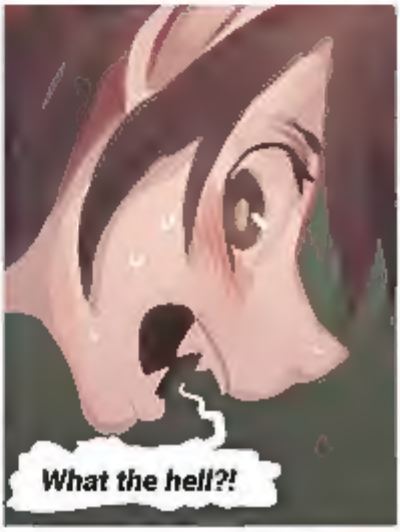












You are getting a bath whether you like it or not!

You smell good
